SOCIAL AND PERSONAL

A very charming "at home" was held last evening at the home of Dr. and Mrs. M. S. Rosen, of 435 Fairfield avenue for their daughter Miss Stella Rosen and her fiancé Charles E. Shadish whose engagement was announced a few weeks ago. Members of the families of the engaged couple were present besides a large number of intimate friends from New York, New Haven, Stamford and this city. The rooms were tastefully decorated with greens and palms. The gifts were displayed and elicited a great deal of favorable comment. They consisted largely of silverware and cut glass. Following the reception music was enjoyed and refreshments were served. A dinner was served at 10 o'clock. Many telegrams bearing from invited guests from New York and other cities. The evening was a very pleasing one.

A pretty home wedding took place on Saturday morning at 11 o'clock when Miss Bonnylin Flossie Rosen, daughter of Dr. and Mrs. M. S. Rosen, of 435 Fairfield avenue, was united in marriage to Mr. John H. Rowbotham, of 178 William street, became the wife of Mr. Louis Sterling Wilson, of 178 William street. Rev. Charles Elmore Barto, pastor of the Washington Park M. E. church, was the officiating clergyman. The bride was attended by Miss Grace Agnes Wilson, the bridegroom's sister. The best man was Henry Beach Allen, Mr. and Mrs. Wilson departed Saturday afternoon for Philadelphia where they will spend a week's honeymoon as the guests of the bride's uncle, Frank E. Gallagher. When they return to this city they will make their home at 157 William street.

Miss Nellie Lees returned to her home in New York to-day after passing a pleasant week at the home of Mrs. A. W. Ross, 769 Cleveland avenue.

State Fish and Game Commission Here Tonight

A meeting of the Fairfield County Fish and Game Association will be held this evening at Concordia hall, at which all the members of the State commission will be present. The commission is composed of State Senator E. Hart Fenn and Representatives Geer and Mathewson. After the business meeting a dinner will be tendered the guests. At the meeting the commissioners will explain the intent of the new laws passed at the recent session of the Legislature and outline the prospects under the new conditions. At the annual meeting of the Connecticut Fish and Game Commission held at Hartford, Friday, Theodore Sturges of Fairfield was elected president, Henry A. Bishop of this city was chosen one of the vice presidents, and J. L. Hetzel of Southport, a member of the executive committee.

Old people who passed life's meridian and are susceptible to colds look upon Cyrus Plasters as friends in need. Relief, support and added strength in every one. 25 cents, five for one dollar.

UNIVERSALISTS OF CONNECTICUT

Will Hold 77th Annual Convention in New Haven This Week.

New Haven, Sept. 12.—On Wednesday and Thursday, the 77th annual session of the Universalist convention will be held at the Church of the Messiah, on Orange street, at which 100 delegates are expected to be present. In connection with it the Women's Universalist Missionary society of Connecticut will meet, on Thursday, at 2 p. m. The following is the program for the two-day session of the convention:

Wednesday, Sept. 15.
 10:30 a. m.—Organization, roll call, appointment of committees, official reports.
 10:45 a. m.—Communion service, Rev. Theodore A. Fischer, New Haven, presiding, ministerial relief offering.
 1:30 p. m.—Address, "Jesus and Paul," Prof. Benjamin W. Bacon, D. D., Yale Divinity school.
 3:30 p. m.—Address, "What Can We Do for the Christian Ministry?" Prof. George H. Harmon, D. D., Tufts Divinity school.
 5:30 p. m.—Fraternal greetings from the American Unitarian association, Rev. William Channing Brown, Boston, Mass.
 8:30 p. m.—The Young People's Christian union, Allan K. Smith, Hartford.
 7:30 p. m.—Occasional sermon, Rev. Willis A. Moody, Meriden; report of state superintendent, Rev. W. F. Dickerman, D. D., Waterbury.

Thursday, Sept. 16.
 8:30 a. m.—Meeting for conference and prayer, conducted by Rev. Hiram W. Smith, Middletown.
 10:30 a. m.—Convention in session, reports of committees, new business, election of officers, adjournment.
 The program of the Women's Universalist Missionary society on Thursday is as follows:
 2 p. m.—Address by Mrs. B. Cobb, president. This will be followed by official reports and election of officers.
 Address—"The People and Customs of Japan," by Rev. L. W. Attwood of South Weymouth, Mass.
 7:30 p. m.—Address by Mrs. Virginia H. S. Brown of West Somerville, Mass., representing the National Missionary association; address by Rev. Florence Kollock Crook of Jamaica, Conn., Mass., on the "Mission of Missions."

J. C. EMERY HEADS BOARD

YALE PROFESSOR NAMED BY PRESIDENT TAFT AS CHAIRMAN OF TARIFF COMMISSION.

As head of the commission or board of tariff experts who are to help him in connection with the administration of the new Payne tariff law, especially with regard to the adjustment of maximum and minimum rates, President Taft has named Professor Henry C. Emery of Yale, head of the economics department in the New Haven university. Professor Emery has been named as the chairman of the commission which it has been decided will consist of three men, and the other two will be James E. Reynolds of Boston, now assistant secretary of the treasury, and Alvin H. Sanders of Chicago, proprietor of the Breeders' Gazette.

The commission will have the power to hire experts to assist it and will in turn assist President Taft in his work of carrying out the new law. The pay which will be given to the members of the commission has been set at \$7,500. Professor Emery is in Maine and since expects when he returns to arrange his college affairs so that he will be able to be absent from the university at times during the year.

Mrs. Walsh Seeks Ownership With Husband in Property

In the October term of the Superior court will be heard the plea of Mrs. Joseph Walsh of Lenox Heights, Fairfield to have her name entered on the records as holding a half interest in certain property which is now wholly in the name of her husband. The property has been attached for \$2,000 Mrs. Walsh claims that her husband has not been an energetic member of the household and since raising a mortgage of \$400 on the property has forgotten home entirely. Attorney Theodore Steiber will represent Mrs. Walsh.

WARNING.
 Do not be persuaded into taking anything but Foley's Honey and Tar for chronic coughs, bronchitis, hay fever, asthma and lung trouble, as it cures the cough and heals the lungs. E. B. Brill, local agent.

GERMAN WAR GAME ON WITH FRANCE

Kaiser Assumes Active Control of Largest Army in Time of Peace

TROOPS NUMBER 150,000

(Special from United Press.)
 Mergentheim, Germany, Sept. 13.—After bivouacking with the German soldiers last night, the Kaiser to-day assumed active control of the annual manoeuvres of the largest German army ever assembled in times of peace. The "red" and "blue" armies comprise 120,000 soldiers and 30,000 horses and completely cover the borders of Wurttemberg and Baden.

The mimic operations began at sunrise this morning, the Kaiser motorizing 20 miles to gain a vantage point from which he could act as referee. Then he mounted his horse and for six hours rode incessantly between the opposing lines.

The manoeuvres this year are particularly important, as they include the Bavarian army and are intended to demonstrate that the German military arrangements are as complete on the right bank of the Rhine as last year's manoeuvres showed them to be on the left bank. Like last year's manoeuvres they are based on the theory of a war between Germany and France, just as all naval manoeuvres are based on the theory of a war between Germany and England.

In the present manoeuvres, too, Germany for the first time is abandoning her traditional tactics of attacking positions with heavy masses of troops. Instead, she is practicing the open formation practiced by the English in South Africa, and by the Japanese during the latter stages of the Russo-Japanese war.

The German model, will be adopted by the Germans as an experiment.

Archduke Franz Ferdinand, General Chief of Staff, head of the Turkish army, Winston Spencer Churchill, and Sir Bruce Hamilton of England, are guests of the Kaiser.

WEALTHY MAN HAS A FATAL QUARREL

Wholesale Liquor Dealer Kills Himself After Shooting Wife and Child.

BARRICADED IN HIS HOUSE

(Special from United Press.)

San Francisco, Sept. 13.—It is believed to-day that Mrs. Ferdinand Levy and her five-year-old daughter Marian, will die from pistol wounds inflicted last night by Ferdinand Levy, a wealthy wholesale liquor man, who then shot himself to death.

The tragedy occurred following a quarrel between Levy and his wife. He shot her down, then turned the revolver on his little daughter. The child was heard by the eldest daughter, Irma, who was in a front room. In a moment her father entered the room, with a drawn revolver, and told her he had killed her mother and sister, and that he was sorry.

Irma walked from the room for assistance and soon returned with Dr. Clarke and doctors. They met them at the front door with a loaded shotgun and threatened to kill the first man who entered the house. Dr. Clark rushed at Levy, who fled to a room on the second floor, and barricaded himself in, declaring he was going to kill anyone who came near him. Dr. Clarke and the police and the police and then set about giving aid to the wounded woman and child. Levy, from a window on the upper floor of the house, was seen to throw a quantity of the police and as they entered, shot himself through the head, dying instantly.

FRENCH AID TO RIFF TRIBESMEN

(Special from United Press.)
 Tangier, Sept. 13.—Open charges of French aid to the Riff tribesmen in their war against Spain were made today by Spanish residents here in view of Sultan Mulai Hafid's announced intention of organizing an army to join the Rifians.

Mulai has notified General Marina, in command of the Spanish forces, that the Spanish mining concessions, out of which grew the present war, were granted by El Rishi, the pretender, who is now a prisoner in Fez, and cannot be recognized by the government. Only the complete abandonment of these concessions, Mulai says, will prevent him from sending an army against the Spaniards.

El Rishi was an impostor when he granted the concessions. Mulai and Spain is unjustified in seeking to hold these claims.

The Spanish residents here declare that France is encouraging Mulai in his new stand for fear that Spain, if successful in her war, will encroach on France's sphere of Moroccan influence.

CLOUDBURST IS FOLLOWED BY A SWEEPING FLOOD

(Special from United Press.)
 San Francisco, Sept. 13.—News has just been received here of a terrible cloudburst which occurred last Wednesday at La Pas Pueblo, in lower California, in an almost inaccessible portion of the state. The cloudburst was followed by a flood which swept through the town.

Steady dead bodies have already been recovered from the ruins and it is feared that as soon as all the debris has been cleared away, many more bodies will be located. The water ran through the streets of the town at a depth of five feet and adobe houses tumbled like sand before the onrush. Few Americans resided there and none are reported to have been killed.

E. H. HARRIMAN'S CHURCH, HIS BIRTHPLACE AND THREE PROMINENT MEN AT FUNERAL

Only members of the family and a few close personal friends were bidden to the funeral of Edward H. Harriman at Arden, N. Y., on Sunday afternoon Sept. 12. Simplicity was the keynote of the funeral. The service was conducted by Bishop Doane of Albany and Archbishop Nelson of New York city. They were assisted by Rev. D. J. Holmes McGuinnis, rector of St. John's church at Arden and

spiritual adviser to the Harriman family. There was a family service at 10 o'clock in the morning at Arden House, a memorial service in St. John's church at 11 o'clock and the funeral service at 3 o'clock in the afternoon. Mr. Harriman was buried in the little churchyard beside the chapel. The active pallbearers were all men employed on the estate. The intimate friends included Judge Lovett, Jacob Schiff

TALK NO. 416 CATARACTS MAY BE PREVENTED

More cases of cataracts are caused by forcing the eyes to work without glasses when needed than from all other causes combined. Overwork of the lens and muscles of the eyes causes them to lose their life and elasticity. Cataract is a swelling hardening and final opacity of the lens. The only cure is a delicate and skillful operation which is sometimes successful and sometimes not. If glasses are worn at the first indication of eye strain or failing sight the eyes will be kept in normal health and tone. Glasses worn in time strengthen and preserve the eyes. We will guarantee to fit your eyes correctly.

FASHIONS AND FADS

Handbags and belts of fine wave white twine are the newest accessories of the white costume.
 With a hint of color is effective, and green is a favorite choice.
 Black velvet bearded velvet wheat in shades of blue and in Mechlin many exquisite costumes are made up.

Some of the gayest colored linen gowns are of the simplest treatment with collars and cuffs of plain white linen.
 Even full dress costumes are to clear the ground if the latest edict of Paris, abolishing all trains, is obeyed.
 Silk lace has returned to favor, in the different blond lace and in Mechlin many exquisite costumes are made up.

Among the coats that are practical as well as beautiful, those of heavily ribbed and knotted shantung silk are noticeable.

Established tones of colors to be worn this season are Mauve, Corail, Blue, Lime Green, Linden Green and King's Purple.

Many of the new silks incline to dull effects rather than to brilliant sheen, but the latter will be by no means abolished.

The fall coat will almost certainly be very long, so long, in fact, that not over two inches of the skirt will be left in view.

Among the new shades is one called Linden. It is really a creamy yellow-green. It is particularly beautiful in shimmering stuffs.
 It is predicted that the Louis XVI train, or three-cornered hat, is coming back this winter with its luxurious queue of feathers.
